

Parent's Night OUT!!!

Drop off your kids at Corner Kick and have three and a half hours for yourself. During the first hour children are instructed in a Lil' Kickers class through which they will have a blast playing games that are specifically designed to suit varying levels in a child's developmental stage. Kids love the fun and non-competitive atmosphere that the Lil' Kickers coaches provide. This will

be followed up by a healthy snack in our café/party area. Immediately following kids will be introduced to the themed craft activity that has been designed for the kids learning enjoyment. This craft activity will be one which kids can then take home to show off. The last portion will be followed with a movie or cartoon time that coincides with that particular PNO theme.
